

A scenic view of Pyramid Lake with a prominent rock formation in the center. The title 'Pyramid Lake Safety Guide' is overlaid in white text. The word 'Pyramid' is in a large, white, sans-serif font, and 'Lake' is in a smaller, white, sans-serif font. Below 'Lake', the words 'Safety Guide' are in a bold, white, sans-serif font. A white outline of a mountain peak is positioned above the text, with wavy lines representing water below it.

# Pyramid Lake Safety Guide

Get the most out of your visit to Pyramid Lake by coming prepared and informed. Use common sense and follow general safety rules to keep you and your family safe while you boat, swim or enjoy yourself around the water.

## Be weather wise

The weather can change fast. Sudden high winds and thunderstorms can make conditions hazardous in a hurry. Alternatively, temperatures soar during the summer months. Bring extra clothes for all weather. Come prepared with a hat, sunblock, and lots of water.

## Boat responsibly

Know and obey federal and state regulations and waterway markers. Make sure the boat is in top operating condition and equipped with the proper safety equipment (life jackets, fire extinguisher, signaling device, etc.). Maintain a safe speed at all times and **NEVER** drink and drive.

## Swim Safe

Never leave a young child unattended near water and have young children or inexperienced swimmers wear life jackets around water. Check the water depth, don't take chances by overestimating your swimming skills, and always swim with a buddy.

## Be Aware

Pyramid is a relatively remote lake situated in a harsh environment, so look up and be aware of what is around you.

**In case of emergencies, call 911.**

If you have questions or need assistance, call the ranger station at (775) 476-1155.

The ranger station is located at 2500 Lakeview Dr., Sutcliffe, NV 89510
